With the Grain

A CELEBRATION OF THE LIFE & WORK OF TIME STEAD

Exhibition Tour Opportunities

This small display restages select work from the original retrospective show staged at the Royal Botanic Garden Edinburgh in 2005.

Since then the exhibition has been staged at various scales as it has toured around Galleries and Museums across Scotland, from the Hebrides – Stornaway, Lewis and Tobermory, Mull,

to Argyll, and on to the Borders and now Galloway.

From Autumn 2011 onwards, it is available to tour to other venues in the UK and beyond. The show can be staged to fill a large gallery (as at Ann Lantair) or scaled down, as here at Logan, according to the range of work to be shown.
